Custom Fabricating & Supplies

Specification Sheet

Product Name
GCT – High Temp Glass Cloth Tape

Description
The 2 Mil of silicone adhesive offers clean removal with no residue.

Applications
Our GCT is a high temperature glass cloth tape which is ideal for powder coating, e-coating, painting, plating & anodizing.

Product Benefits

- High Temperature silicone adhesive
- Withstands 500° F (260° C)
- Removes clean with no residue
- Works well in infrared ovens.
- Great abrasion and blasting resistance.

Technical Properties

Adhesive	Silicone
Tensile Strength	150 lbs/in
Adhesion	35 oz/in
Thickness	7 Mil
Elongation	5%
Temperature	500° F (260° C)

Shelf Life
Good for 6 months if kept in a 68° F (20° C) environment.

The information on this data sheet is based on laboratory test data we believe to be accurate, relevant and reliable. Please look upon these values as guides rather than absolutes. Since actual service conditions for a given application may vary substantially from standard laboratory conditions, specific recommendations or warranties relative to a specific end use cannot be made. The buyer is urged to conduct its own investigations and qualification tests to determine suitability for its intended application. CFS shall not be liable for any damages arising out of the use of any of its guide specifications.
