

Double Sided Tapes

Ultra High Bond Double Sided Tape U5000 Series

Offers the highest bonding strength on most surfaces. Used in manufacturing and construction applications. Great for signs and auto detailing. Available in 6 Mil, 8 Mil, 10 Mil, 25 Mil & 45 Mil.

Polyethylene® Foam Tapes F032, F062 or F125

Excellent bonding properties and a great general purpose foam tape for cushioning. Also good for gaskets and mounting. Adheres to all types of surfaces and is available in various widths, colors and thicknesses. Used widely for assembly of metal & plastic parts.

Double Sided Vinyl Tape D4085

Permanent bond acrylic adhesive. Will withstand temperature fluctuations and is good for extrusions, nameplates & bonding to furniture or walls.

High Tack/Low Tack Double Sided Tape D4210

One side offers a permanent bond and the other side has a low tack which will allow easy removal & repositioning if necessary.

Double Sided Cloth Tape D4075

A cloth liner tape for holding down carpet and mounting.

Double Sided Crepe Tape D4055

For splicing and mounting, can be torn by hand. It can also be used as a golf grip tape.

Double Sided Polyester Tape D4000

Good for laminating most substrates. Available with acrylic or rubber adhesive. Multiple Mil thicknesses available.

Adhesive Transfer Tapes D4100

Provides backing for paper, foam, felt, plastic & sponge materials. Available in acrylic or rubber adhesive.

Double Sided Tissue Reinforced Splicing Tape D4150

For splicing at very temperatures and high speeds.

CFS can slit or die-cut any of these products to your exact specifications. Call one of our customer service representatives for help today on your new project.
